

## **2011 Collection Management Honor Roll**

The Montana State Library Commission would like to recognize the following 88 libraries for meeting the requirements for this year's Honor Roll. These libraries have current and approved (by board or administration) collection management policies on file at Montana State Library, have over 50% of library holdings on the OCLC database, and have been actively adding and deleting holdings from the database during the past 3 years. The Commission applauds these libraries for their commitment to collaboration and sharing resources.
